

Evaluation

Your Step to Change the World

Do you believe our world needs change?

Daily pictures in the media of war, hunger and exploitation clearly display this fact. Are you still one of those who say: Well, you can't do anything anyway? Then you haven't heard of the OCG-evaluation before!

"Be the change you wish to see in the world."

(Mahatma Gandhi)

The OCG-Evaluation is unique worldwide. For the last 15 years it has helped thousands of people, partnerships and whole families being led from disharmony and chaos into lasting peace and new perspectives. Taking part in an evaluation could also become the starting point for you on your mission of changing the world, for the one who changes himself changes the world.

What is the OCG?

The "Organic-Christ-Generation" (OCG) is made up of people who have found fresh faith in the fact that change is possible through the example of Ivo Sasek, his family and friends.

The OCG is a worldwide movement, which is convinced that humanity is a global organism that is not able to exist for long without divine guidance. The OCG has learned to live and act as ONE (1) organism under the Head of Jesus Christ regardless of age, sex, denomination or origin. Why don't you believe it as well that God, through people, can save the world from the grip of egoism and unrighteousness! Yet, only through those who let themselves be changed and learn to harmonize as one body.

What is an OCG-Evaluation?

In order to be able to change yourself you must know WHAT

exactly has to be changed. Evaluation helps you to find the answer to this question for yourself. Evaluation is a guide to self-help in order to find the causes of crises and weaknesses according to spiritual laws by yourself. Evaluation creates a quiet and undistracted surrounding which separates us from the hectic and noisy time in which we live. You will spend 3 days with a group of people who all have the same common goal: To start the change with themselves. For orientation you will build on a helpful lecture of Ivo Sasek and work on the focus points as a group. You will repeatedly have opportunities to spend on personal quiet time. Will you dare take this challenge to expose yourself to your own vacuum? It'll be worth it! During these evaluation days you'll be warmly accompanied by people who have been

living change themselves for many years. They are an authentic guide to self-help. Evaluation has positively impacted thousands of people's lives. Are you ready for it? Then ask for the next date at the following address:

What was evaluation like for you?

"Evaluation was an intensive time for me. Yet, I had a breakthrough which drew me to God who restored my marriage and my family afterwards. I'm so thankful, I'll always remember this time as the turning point of my life."

"For quite some time I wanted to become a part of the OCG. They told me it was possible after an evaluation. I attended and there I lost all my addictions. When I was offered to become part of the OCG after the evaluation, a dream came true for me."

"I was totally surprised that evaluation was completely free of charge. Afterwards, I understood that the OCG is basically building a world free of money and functions according to completely new principles."
